GAZEBO

GAZEBO SIZES & CAPACITY

GAZEBO HIRE: MODULAR STRUCTURES THAT CAN BE USED ON GRASS OR TARMAC

Our Professional grade gazebos can be clamped and guttered together to form a much larger structure.

They operate equally well on grass or hard-standing, but they have to be adequately weighted for the latter - we have multiple tons of specialised weights in stock if needed.

With Glasgow Gazebo Hires' experience, you can be sure that the gazebos & walls are clean, tidy and properly secured.
